

We warmly welcome guests to attend Club programs, and we offer two ways for them to participate:
Guest with Provisional Status (“GPS”)

Benefits:

- Enroll in an **unlimited number** of classes, workshops and other Club programs in each of three terms over a consecutive 12-month period. This gives guests the best opportunity to try a variety of types of classes and media and get to know more of our members.
- Enjoy the same **enrollment priority** as Active members

How to join:

- Interested individuals need to complete a short GPS application available on our Web site. It is not necessary to know a member to become a GPS.
- GPS membership lasts 12 consecutive months and cannot be renewed. GPS members are not eligible to vote.
- GPS members generally apply for Active membership as their first year is ending (or sooner if they wish).
- See “Membership Policy & Procedure” for information on becoming an Active member.

Cost:

- \$300, plus costs for classes or workshops. This non-refundable fee reduces the initiation fee that GPS members would pay if they decide to become Active members. As such, GPS members pay \$200 upon initiation. Their first year member dues (currently \$300) would be prorated for the balance of the Club Year depending on when they become Active.

Guest

Benefits:

- Enroll in **one class or workshop** during the course of a Club Year.

How to join:

- Interested individuals complete a short application available on our Web site. It is not necessary to know a member to be a Guest.
- See “Membership Policy & Procedure” for information on becoming an Active member.

Cost:

- \$25, plus costs for their chosen class or workshop.
 - Guests who then apply for Active membership pay an initiation fee (currently \$500) and their first year dues (currently \$300) would be prorated for the balance of the Club Year depending on when they become Active members.
